

Pledge for prevention and control of Dengue

Let us take a pledge to be aware about dengue and for taking small but effective measures to save ourselves, our families and our neighbors

1. I will not allow water to stagnate in and around my houses in containers
2. If I have to store water then I will cover it properly with tight lids
3. I will Check, clean, dry, scrub and refill the desert coolers
4. I will Check bird bath tubs, pots, vases, trays under refrigerators etc
5. I will not store solid waste on the roof to avoid mosquito breeding in rain water stagnation
6. I will Use full sleeved cloths
7. I will Use repellents, mosquito nets, wire meshes on doors and windows
8. I will Cooperate health workers during their visit to my home
9. I will motivate others
10. If I feel that I am infected with dengue I will not take any unnecessary medication and I will take medical consultation for treatment
