Letter No: UKHFWS/COVID-19/2019-20/1306

Date: 20/08/2020

To,

1. All Chief Medical Officer (CMOs)
2. All District Surveillance Officers (DSOs)
3. Medical Officer Facility Incharge (DCH/DHC/DCCC)

Subject: User Manual and Training Session for Home Isolation (covid19.uk.gov.in)

Respected Madam/Sir,

To help control the spread of COVID-19 State has prepared a module for Home Isolation of COVID-19 Positive patient on covid19uk.gov.in. An updated module has been attached, on how to use the portal for Home Isolation of COVID-19 Positive Patients. The same will be shared via IDSP email and DSO WhatsApp group.

Training session via Zoom for the same would be held on 20th August 2020, 12:30PM to give an hands on training of the same, requesting all DSOs and Facility Nodalsto attend the same. Zoom link would be shared on the WhatsApp group.

CMOs and DSOs are requested to share the same to all the DCH/DHC/DCCC Medical Officer Facility Incharge in their respective districts.

Home Isolation Manual Attached

(Regard)

(Dr. Pankaj Singh)
State Surveillance Officer
Uttarakhand

Contents

1. Home Isolation Entry by Doctor Registered in the system....3-4
2. Home Isolation Entry by DSO..............................................5-7
3. Daily Status Updation by Patient........................................8-9
4. Daily Status Updation by Helpdesk.....................................10-12
5. Monitoring by State HQ.........................................................13
1. Home Isolation Entry by Doctor Registered in the system

Login in the system using registered mobile number and password received after registration.

After successful login, you will be redirected to the Home Isolation Registration Screen

Click on <Home Isolation Entry> Menu Option and search the details of Patient

Select the patient from given list, if patient details are not available then you can directly enter the patient details and home isolation details. If patient is already registered for home isolation system will show alert.
To view the active home isolations registered by user, <Dashboard> menu option can be clicked.
2. Home Isolation Entry by DSO

Login in the system using registered userid and password.

After successful login you will be redirected to the Home Isolation Registration Screen

Click on <Home Isolation Entry> Menu Option and search the details of Patient

To register the home isolation selects the patient from given list. If you are not getting the list as per your search, you can enter the details of patients.

If patient is already registered in system for home isolation, system will show alert
If details are not entered yet you can select the patient from list and enter the isolation details.

To view the details of Active Home Isolations in the district Home Isolation Dashboard has been provided, to view the same click on <Summary Home Isolation> menu option.
To view the alerts generated after daily status updation by patient or through helpdesk click on the Active Home Isolation box.
3. Daily Status Updation by Patient

Daily status of patients in home isolation can be updated by patient or by reporting to one of the helpdesks.

If patient wants to update status, he has to enter his ICMR and registered mobile number in the Home Isolation Section given on home page of the website covid19.uk.gov.in.

After successful login patient can enter his/her status details. If more than one patient is registered with a mobile number a list of home isolated patients will be available for selection.
4. Daily Status Updation by Helpdesk

Daily status of patients in home isolation can be updated by patient or by reporting to one of the helpdesks.

Helpdesk can login and click on <Home Isolation Status Entry> menu option.

Here the patients which are in Home Isolation can be searched.

After finding the matching records, patient can be selected from list and status can be updated by following the steps in the screens given below.
