To,

Dr. Mayank Dwivedi
Public Health Specialist & Laboratory Advisor
Division of Global Health Protection
India Country Office

Subject: Request of VTM Vials (with Swab Sticks) for COVID 19 sample transportation.

Respected Sir,

As you are aware that sample transportation of COVID 19 suspects is one of the most crucial step in managing this outbreak. Having adequate number of VTM vials is vital for carrying out this step as well.

In continuation of above we request to donate 500 VTM Vials from your premier institute. This help will not only provide us time frame till we acquire/develop VTM vial from other sources, it will also help in developing capacity of Uttarakhand health system. Any help at this moment will go great lengths to mitigate and manage this immediate public health crisis.

Thanking You

Yours Sincerely

(Dr Amita Upreti)
Director General
Medical, Health & Family Welfare
Uttarakhand
